Hello MPCA Team and Happy Friday,

EPA HQ sent notice that there was a mistake in the Part A CCR rule that was provided in the initial email to this chain. Attached is the notice where you can see that the whole Summary paragraph on pdf page 3 lists incorrect information about the rule. The [link](#) found on the website also has been updated.

Once I receive the corrected version I will send it along.

Thank you,

Jessica Schumacher

Hi MPCA Colleagues,

The Part A Final CCR rule was signed today. Attached is pdf version of the rule and here is a link to the pre-publication version of the rule: <https://www.epa.gov/coalash/pre-publication-copy-final-rule-holistic-approach-closure-part-deadline-initiate-closure-and>.

I also wanted to introduce you to Jessica Schumacher, who joined the Agency last week. She will be taking over Camille's role as our staff lead for Minnesota non-hazardous solid waste issues and sustainable materials management work. Jessica comes to us from Cook County, Illinois where she was the Solid Waste Program Coordinator. She brings a lot of great SMM experience to our group and a hydrogeology background that will be very useful as we move into CCR permitting! I've cc'd Jessica on this email. Her direct phone number is 312-886-0769.

Steve – sending you one more heartfelt thank you for your service to Minnesota’s environment and for being so great to work with all these years! Best wishes on your retirement.
